DESCRIPTION

The WAR series of architectural round wallpacks are available in up to MP 150W, HPS 150W, Fluorescent quad tube 2 x 42W, Induction 80W or LED 2 x 15W lamps.

Available in three front face styles:

- EL – Eyelid.
- GR - Grid.
- OF - Open Face.

U.L. listed for wet locations.

APPLICATION

Ideal for security lighting and entranceway lighting around commercial, industrial and residential buildings where an architectural pleasing product is desired along with the higher light levels possible with HID lamps.

HOUSING

The housing is made of high pressure die cast aluminum and finished in a polyester powder coat paint finish for lasting corrosion resistance. Available in dark bronze, white or black color finishes.

BALLAST

High Power Factor, CWA ballasts, Multi Tap (120/208/240/277V) or reactor 120V ballasts for HPS. Minimum starting temperature is -20°F (-30°C) for MP, -40°F (-40°C) for HPS. Electronic ballasts for Fluorescent. Multi Tap, electronic drivers for LED.

SOCKET

Medium base, 4KV pulse rated porcelain socket for HID lamps. Positive latching thermoplastic socket for fluorescent lamps.

MOUNTING

Knockout pattern provided on back casting for mounting to junction boxes. Four 1/2" threaded entry hubs provided for conduit wiring and through wiring.

REFLECTOR

Die formed, white polyester powder coat painted aluminum.

GASKET

Silicone rubber for long life.

LENS

Clear prismatic borosilicate glass, impact and heat resistant. Optional frosted glass lens available.
